

Support After Adoption— ‘Meet the team’

What do we do?

This is an opportunity for Notts adopters to come together in a relaxed and informal setting— a chance to share experiences, widen your support network and talk to the Support after Adoption team.

As well as a chance to meet some of the team come and find out about the support we can offer and to whom. We will be able to share how to access the right ongoing support for your children, young people and family, when it matters and hopefully it will be a chance to hear about other adopters experiences of accessing support.

Who are we?

IMPORTANTLY,

this will be an opportunity for you to help shape future training events for Nottinghamshire Adopters, as well as meeting others who are interested in offering/ accessing peer support, including an established Adopters Group.

Where will it be?

Date: Tuesday 25th April 2017
