Objective	Measure / Scheme		Delivery		Programme				Funding		Priority	Comments
	Measure	Actions	Lead	Partners*	Start	Finish	Review	Status	Est. Cost (£)	Source		
1 To pursue new solutions, partnerships and alleviation schemes to manage future flood risks and adapt to climate change in Nottinghamshire to ensure it is a great place to live, work, visit and relax.	1.1 Develop a robust approach to the prioritisation of flood risk schemes in Nottinghamshire.	1.1.1 Identify areas at greatest risk from local flood risk sources making use of the best available information.	NCC.	All Partners.	2015	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding	High	
		1.1.2 Ensure records from flooding are documented to help prioritise management.	NCC.	DCs, BCs, IDBs and EA, STW, Via.	2014	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	High	
		1.1.3 The Flood Risk Management team will operate in the Values and Behaviour Framework in line with the Nottinghamshire Plan.	NCC.	Colleagues.	2019	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	High	
		1.1.4 Develop mechanisms for better information sharing about flooding across partners to support Resilience Direct and direct mailouts.	NCC.	All Partners.	2015	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	Medium	
		1.1.5 Develop a pipeline of scheme ideas to address flood risk across the County.	NCC.	All Partners.	2015	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	High	
	1.2 Adhere to Statutory Duties under the Flood and Water Management Act (2010) and Land Drainage Act (1991).	1.2.1 Review the Local Flood Risk Management Strategy (Section 9 of Flood and Water Management Act) and Preliminary Flood Risk Assessment (PFRA).	NCC.	EA, IDB and STW.	2020	2027	Apr-29	In Progress	<£5000	NCC Revenue	High	
		1.2.2 Investigate internal flooding for 5 or more properties which trigger a Section 19 report in a single catchment under the Flood and Water Management Act.	NCC.	DCs, STW, EA, EP, IDB's, EMs, PC's and TC's.	2015	Ongoing	Apr-29	In Progress	>£5000	NCC Revenue	High	
		1.2.3 Encourage partners to develop flood mitigation schemes where Nottinghamshire County Council are not the lead. Progress to be reported back through Committee.	NCC.	All RMAs.	2020	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding	Medium	
		1.2.4 Maintain a register of flood risk management assets under Section 21 of Flood and Water Management Act.	NCC.	NCiC and VIA.	2017	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	High	
		1.2.5 Use permissive powers to undertake works to mitigate flood risk or to allow the free passage of water from Ordinary Watercourses, surface water and groundwater under the Land Drainage Act.	NCC.	VIA, DCs and BCs.	2015	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	High	
		1.2.6 Process Land Drainage Consents under the Land Drainage Act.	NCC.	IDB and EA.	2015	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	High	
	1.3 Seek external funding opportunities whenever possible.	1.3.1 Regularly review funding sources and opportunities for collaborative projects.	NCC.	EA, IDBs, MSIG, AW and STW.	2015	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	Medium	
		1.3.2 Ensure relevant information sharing to capture external funding opportunities.	NCC.	EA, IDBs, DCs, AW and STW.	2014	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	Medium	
		1.3.3 Promote and retain core expertise in Flood Management and Drainage Design to ensure this is maintained within the Council to provide both project support to Highways, Education, Mineral and Waste sectors and bidding for external funds.	NCC.	NCC/VIA.	2015	Ongoing	Apr-29	In Progress	£25,000 - £50,000	NCC Revenue	High	
	1.4 Collaborate with all stakeholders to achieve common goals.	1.4.1 Pursue partnerships as defined in Objective 3. (To improve delivery of flood risk management by working in partnership across functions and organisations, taking a catchment based approach).	NCC.	All Partners.	2015	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding	Medium	
		1.4.2 Identify schemes which maximise the common goals and regularly review.	NCC.	All Partners.	2015	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding	High	
		1.4.3 Maintain regular liaison with local Risk Management Authorities to monitor progress of their investment programmes.	NCC.	DCs, BCs, STW, AW, IDBs and EA.	2014	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	Medium	
		1.4.4 Identify where the County can contribute to other partner led flood alleviation schemes.	NCC.	All Partners.	2014	Ongoing	Apr-29	In Progress	£5000 - £500,000	Multi-Agency Funding	Medium	
	1.5 Progress capital schemes identified for flood alleviation.	1.5.1 Progress Southwell flood risk management programme of works including flood defences, Natural Flood Management, hard engineering solutions and Property Flood Resilience measures.	NCC.	VIA, EA, NSDC, NFF, STC, COM, STW and SFF.	2013	2022	Apr-29	In Progress	£4.6 million	Multi-Agency Funding	High	Local Levy, NCC and GIA reporting required.
		1.5.2 Continue working with Severn Trent Water in Calverton to identify and deliver mutually beneficial outputs in the catchment.	NCC & STW.	PC, COM and VIA.	2017	2023	Apr-29	In Progress	£100,000	Severn Trent Water	High	Contributions from NCC.
		1.5.3 Scope and identify areas for village protection in Giron.	EA.	NCC, COM and NSDC.	2013	2027	Apr-29	In Progress	£150,000	NCC Capital	Medium	Contributions from EA.
		1.5.4 Progress and understand the complex interactions between surface water assets in the Upper Daybrook Catchment.	NCC.	STW, GBC, EA and NCiC.	2016	2020	Apr-29	In Progress	£100,000	Local Levy	High	Contributions from NCC.
		1.5.5 Continue to support STW and EA on proposals for Normanton on Soar.	NCC.	STW, PC, EA and VIA.	2016	2020	Apr-29	In Progress	£80,000	NCC Revenue	High	Contributions from STW.
		1.5.7 Progress capital scheme and Natural Flood Management in Claborough.	NCC.	BDC and PC.	2016	2027	Apr-29	In Progress	£20,000	NCC Capital	Medium	Contributions from BDC.
		1.5.8 Investigate localised flooding hotspots in Critical Drainage areas across the county.	NCC.	All Partners.	2011	Ongoing	Apr-29	In Progress	>£5000	NCC Revenue	High	
		1.5.9 Deliver flood mitigation measures driven by Section 19 investigations where NCC are the lead Risk Management Authority.	NCC.	All Partners.	2014	Ongoing	Apr-29	In Progress	£10,000 - £50,000	NCC Capital	High	
		1.6 Ensure flood management actions will be adaptable and responsive to future changes in the climate through policy.	1.6.1 Identify actions for Nottinghamshire following any new publications in regard to Climate Change guidance.	NCC.	All Partners.	2014	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	Low
	1.6.2 Ensure modelled future flood scenarios are incorporated into design and planning requirements through policy.		DCs.	NCC.	2011	Ongoing	Apr-29	In Progress	<£5000	NCC Capital	Medium	
	1.6.3 Identify impact of Climate Change scenarios for measure 1.1. (Develop a robust approach to the prioritisation of flood risk schemes in Nottinghamshire).		NCC.	All Partners.	2011	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding	Low	

Nottinghamshire County Council Local Flood Risk Management Strategy Action Plan - Draft for Consultation

Objective	Measure / Scheme		Delivery		Programme				Funding		Priority	Comments
	Measure	Actions	Lead	Partners*	Start	Finish	Review	Status	Est. Cost (£)	Source		
2 To increase levels of awareness within local organisations and communities so they can become more resilient to flooding and understand their land drainage responsibilities.	2.1 Improve sources and avenues of information dissemination to the public, including Local Resilience Forums, online tools and digital media.	2.1.1 Work in partnership across council functions to identify new community contacts.	NCC.	All Partners.	2011	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding	Medium	
		2.1.2 Identify ways to improve communications with hard to reach communities.	NCC.	All Partners.	2011	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding	Medium	
		2.1.3 Develop Flood Risk Management website to ensure all relevant information and guidance is provided across the County.	NCC.	All Partners.	2015	Ongoing	Apr-29	In Development	<£5000	Multi-Agency Funding	High	
		2.1.4 Improve online tools for investigation, reporting and managing reports of flooding.	NCC.	NCC.	2015	Ongoing	Apr-29	In Development	<£5000	NCC Revenue	Medium	
		2.1.5 Utilise unmanned aerial vehicles for undertaking flood investigations and asset inspection programme.	NCC.	ARC and VIA.	2020	Ongoing	Apr-29	In Development	£25,000 - £50,000	NCC Capital	Medium	
		2.1.6 Undertake regular meetings with District and Borough Councils to share information.	NCC/DC/BC.	BC's, DC's.	2022	Ongoing	Apr-29	In progress	<£5000	NCC Revenue	High	
		2.1.7 Further develop digital media to support measure 2.2.2. (Encourage sign up to flood warnings and weather information, Emailme).	NCC.	EA, BCs, DCs, TCs, PCs and COM.	2019	Ongoing	Apr-29	In Development	<£5000	NCC Revenue	Low	
	2.2 Encourage communities, residents, developers, businesses and partners to understand and better manage their own flood risk.	2.2.1 Improve information provision on Property Flood Resilience and build back better.	NCC.	COM, EA, PCs, TCs and DCs.	2013	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	Medium	
		2.2.2 Encourage sign up to flood warnings and weather information.	EA and NCC.	All Partners.	2016	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	Low	
		2.2.3 Produce and distribute bespoke information packs for communities through various channels including Riparian Ownership, Roles, Flood Signage Schemes and Responsibilities of Risk Management Authorities.	NCC.	All Partners.	2020	Ongoing	Apr-29	In Development	<£5000	NCC Revenue	Low	
		2.2.4 Promote local community Flood Wardens.	NCC and EA.	COM and DCs.	2013	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	Medium	
		2.2.5 Encourage development of community flood plans in at risk communities.	NCC and EA.	COM, BCs and DCs.	2014	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding	Medium	
		2.2.6 Continue to communicate riparian ownership responsibilities with all relevant parties.	NCC.	All Partners.	2012	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	High	
		2.2.7 Provide support to help identify the need for community resilience stores.	NCC.	All Partners.	2012	Ongoing	Apr-29	In Progress	<£5000	NCC Capital	Low

Objective	Measure	Actions	Delivery		Programme				Funding		Priority	Comments
			Lead	Partners*	Start	Finish	Review	Status	Est. Cost (£)	Source		
3 To improve delivery of flood risk management by working in partnership across functions and organisations, taking a catchment based approach.	3.1 Take an active role in local flood risk management partnerships.	3.1.1 Direct and lead on local flood issues within the regular meetings of local flood risk management groups including Strategic Flood Risk Management Board, Lead Local Flood Authority Coordination and Local Resilience Forum Board Meetings.	NCC.	DCs, IDBs, STW and EA.	2014	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	High	
		3.1.2 To provide a Flood Risk Management service for all residents within Nottinghamshire, both domestic and commercial, with the aim to educate, support, influence and empower.	NCC.	All Partners.	2012	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	High	
		3.1.3 Ensure the aims of this strategy are considered within the Humber Flood Risk Management Plan.	NCC.	EA, BDC & IDBs.	2012	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	Medium	
		3.1.4 Support local planning authorities with good practice in delivering flood risk management through Local Plans and planning applications.	NCC.	LPAs.	2014	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	High	
		3.1.5 Identify opportunities to work with neighbouring authorities to gain mutual benefits and co host Strategic Flood Risk Management Board (SFRMB) with Nottingham City Council.	NCC and NCIC.	EA and STW.	2014	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	Medium	
		3.1.6 Develop co-operative links with all neighbouring Lead Local Flood Authorities, district and borough councils to share good practice.	NCC.	LPAs and LLFAs.	2014	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	Medium	
		3.1.7 Maintain linkages with the Sherwood and River Idle catchment partnerships.	NCC.	NWT and EA.	2016	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding	Low	
		3.1.8 Foster working relations with Nottinghamshire's education providers to support succession planning and community flood risk awareness.	NCC.	NCC.	2022	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	Medium	
		3.1.9 Identify opportunities to support flood forums, flood action groups and local interest groups to share good practice.	NCC.	LRF, EMs, COM, PCs and TCs. NFF	2014	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	Medium	
	3.2 Sharing best practice and pursuing recognition regionally and nationally.	3.2.1 Share innovation and forward thinking across the industry.	NCC.	All Partners, NFF.	2018	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding	Medium	
		3.2.2 Submit industry bids for recognition of the work across flood risk management in Nottinghamshire.	NCC.	All Partners.	2018	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding	Medium	
		3.2.3 Share LLFA experience and expertises to help inform the East Midlands Combined County Authority, enabling more effective and efficient working across council boundaries.	NCC, DCC, NCIC, DCiC.	All Partners.	2024	Ongoing	Apr-29	In Development	<£5000	Multi-Agency Funding	Medium	
		3.2.4 Actively participate in industry leading professional organisations including ICE, CIWEM, ADA, ADEPT, LGC and MHA+.	NCC.	All Partners.	2018	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding	Medium	
	3.3 Ensure effective coordination between emergency planning and highways management / land drainage.	3.3.1 Jointly promote community resilience and business continuity measures.	NCC and LRF.	DCs and BCs.	2014	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding	Low	
		3.3.2 Lead on the community flood signage scheme and support at risk communities to become more resilient.	NCC.	DCs and BCs, EA.	2021	Ongoing	Apr-29	In Progress	£25,000	NCC Capital	High	
		3.3.3 Identify requirement for Surface Water Management Plans in Critical Drainage Areas.	NCC.	DCs and EA.	2020	Ongoing	Apr-29	In Development	<£5000	NCC Revenue	Low	
		3.3.4 Establish a communication plan across internal teams to support 2.1. (Improve sources and avenues of information dissemination to the public, including Local Resilience Forums, online tools and digital media).	NCC.	All Partners.	2020	Ongoing	Apr-29	In Development	<£5000	NCC Revenue	Medium	
	3.4 Maintain effective linkages with Internal Drainage Boards and VIA for highway and network management across the County.	3.4.1 Identify where works to Internal Drainage Board Ordinary Watercourses may impact flood risk in Nottinghamshire.	IDBs and EA.	NCC.	2014	Ongoing	Apr-29	In Progress	<£5000	IDB	Medium	Contributions from NCC.
		3.4.2 Proactively develop a cohesive catchment wide strategy for identifying joint schemes and partnerships for alignment of capital programmes.	NCC, EA, IDBs and STW.	CRT, NFF and NWT.	2012	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding	Medium	
		3.4.3 Identify joint benefits of highway and transport schemes.	NCC and NH.	VIA.	2012	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding	Medium	
		3.4.4 Review and identify opportunities for improving flood risk management across other infrastructure providers.	NCC.	NH, DCs, VIA, EA and HS2.	2014	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding	Medium	
		3.4.5 Working with and coordination of highway and network management (VIA) to manage flood risk across Nottinghamshire.	NCC.	VIA.	2017	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding	High	
	3.5 Pursue joint initiatives with RMA's and other partners.	3.5.1 Communicate with Risk Management Authorities on a County scale to ensure consistent approach to flood investigations and mitigation.	NCC.	EA, IDBs, STW and AW.	2014	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	High	
		3.5.2 Establish an agreed approach for cross function boundary catchment investigations for alignment of initiatives.	NCC.	All Partners.	2014	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding	Low	
	3.6 Work and engage with land owners and developers to obtain sustainable flood risk management in Nottinghamshire.	3.6.1 Engagement and work with landowners to pursue schemes such as Natural Flood Management, Drainage Works and Sediment Control.	NCC and EA.	NFU, PCs, TCs, NWT and CRT.	2013	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	Medium	
		3.6.2 Continually review emerging sustainable water management policies and practices.	NCC.	STW, AW, NWT, NFF and EA.	2014	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding	Medium	
		3.6.3 Encourage and promote community inspections with focus on critical flood risk management assets.	NCC.	COM and PCs.	2015	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	High	
	3.7 Continually review and liaise with major infrastructure schemes or improvements.	3.7.1 Work collaboratively with partners for cross partnership opportunities.	NCC.	STW, AW, NWT, NFF, VIA, DC's, BC's and EA.	2018	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding	Medium

Objective	Measure / Scheme			Delivery		Programme				Funding		Priority	Comments	
	Measure	Actions		Lead	Partners*	Start	Finish	Review	Status	Est. Cost (£)	Source			
4	3.8	Continue to develop our understanding of groundwater risks in Nottinghamshire.	3.8.1	Build our understanding of the future risks from groundwater.	NCC and EA.	COM and CA.	2016	Ongoing	Apr-29	In Progress	£5000-£25000	Multi-Agency Funding	Low	
			3.8.2	Establish improved recording of groundwater flood incidents.	NCC, DCs and EA.	COM and CA.	2019	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding	Low	
	4.1	Ensure as far as practical, local planning authorities take full account of flood risk in Local Plan policies and allocations, planning applications and supplementary planning documents.	4.1.1	Continue review of existing SuDS Guidance to maximise new and emerging policies.	NCC.	VIA, DCs and BCs.	2014	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	Medium	
			4.1.2	Support partners with Strategic Flood Risk Assessments to ensure they consider the impact of surface water and information set out in the Nottinghamshire Preliminary Flood Risk Assessment, and the Local Flood Risk Management Strategy.	NCC.	DCs and BCs.	2014	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	High	
			4.1.3	Respond to consultations on draft policies on Local Plans on flood risk management.	NCC.	LPAs.	2014	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	Medium	
			4.1.4	Work with Local Planning Authorities to ensure maximum benefits through drainage and SuDS in planning applications.	LPAs.	NCC.	2014	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	High	
			4.1.5	Respond to consultations on draft proposals in Supplementary Planning Documents where flood risk can be minimised or reduced.	NCC.	LPAs.	2014	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	Medium	
			4.2	Encourage and promote the use of SuDS in all new developments and encourage the use of sustainable water management.	4.2.1	Develop and publish a SuDS Guidance Note for publication to take account of new and emerging policies.	NCC.	LPAs and DEFRA.	2020	2027	Apr-29	To Be Programmed	<£5000	Multi-Agency Funding
	4.2		4.2.2	Work with Local Planning Authorities to implement SuDS Guidance within their Local Plans.	NCC.	LPAs.	2020	2027	Apr-29	To Be Programmed	<£5000	Multi-Agency Funding	Medium	
			4.2.3	Promote and develop exemplar schemes through the planning to process help developers with examples and opportunities for SuDS.	NCC.	LPAs and DEV.	2020	2027	Apr-29	To Be Programmed	£10,000	Multi-Agency Funding	Medium	
	4.2		4.2.4	Ensure that all new developments have adequate future proofing of SuDS through maintenance and adoption proposals.	NCC.	LPAs and VIA.	2014	Ongoing	Apr-29	In Progress	£5000-£25000	Multi-Agency Funding	Low	
			4.3	Maximise opportunities to integrate flood management with other county functions.	4.3.1	Ensure consideration of flood risk in minerals and waste planning.	NCC.	LPAs.	2014	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding
	4.3		4.3.2	Support highways upgrades and works programmes by promoting surface water management principles and techniques.	NCC.	NH and VIA.	2017	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding	High	
			4.4	Identify opportunities to integrate SuDS design into existing and new public property and spaces.	4.4.1	Work with Nottinghamshire County Council Property Team to address drainage maintenance and potential use of SuDS e.g. schools.	NCC.	EA, ARC and VIA.	2016	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue
4.4		4.4.2	Engage with the development of new public property to encourage the use of SuDS on all sites.	NCC.	LPAs.	2014	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	Medium		
		5.1	Improve connections between blue and green infrastructure management.	5.1.1	Improve internal communications between ecology, heritage, land drainage, parks, property & flood risk managers.	NCC.	Place colleagues, COM.	2020	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	Medium
5.1.2	Explore routes for biodiversity enhancement within flood risk management e.g Natural Flood Management as supported by the Council and County Ambitions in the Nottinghamshire Plan.			NCC.	All Partners.	2018	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding	Medium		
5.1.3	Liaise with the Environment Agency and other Risk Management Authorities about how flood risk management can contribute to The Water Environment Regulations 2017 objectives.			NCC and EA.	All RMAs, LPAs, CRT, NGO's, NWT and NFU.	2014	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding	Low		
5.2	Identify improvements for existing and planned scheme development.	5.2.1	Work towards incorporating best practice sustainability targets and policy such as CIRIA / BREEAM / CIWEM assessments within project requirements.	NCC.	VIA, ARC, LPAs, STW and EA.	2014	Ongoing	Apr-29	In Progress	<£5000	Multi-Agency Funding	Medium		
		5.2.2	Identify whether any heritage assets are at risk of flooding and could benefit from existing planned schemes to support safeguarding of built and archaeological heritage sites across the County.	NCC.	COM and NE.	2017	Ongoing	Apr-29	In Progress	<£5000	NCC Revenue	Low		
5.3	Investigate how we can 'make space for water' in Nottinghamshire and support the Nottinghamshire Plan.	5.3.1	Understand and explore the opportunities to store water during extreme flood events to limit the negative impacts of a changing climate on Nottinghamshire's environment.	NCC.	All Partners.	2017	Ongoing	Apr-29	In Progress	£25,000 - £50,000	Multi-Agency Funding	Low		
		5.3.2	Identify potential locations for flood storage in catchments.	NCC.	All Partners.	2018	Ongoing	Apr-29	In Progress	£5000-£25000	Multi-Agency Funding	Medium		
		5.3.3	Explore the creation of wider benefits resulting from flood risk management schemes and storage areas in open spaces such as mental health benefits, wider social, economic and environmental impacts.	NCC.	All RMAs, DEFRA, CRT, NWT and NFU.	2017	Ongoing	Apr-29	In Progress	£5000-£25000	Multi-Agency Funding	Medium
