

our Nottsbus On Demand service will take you where you want, when you want.

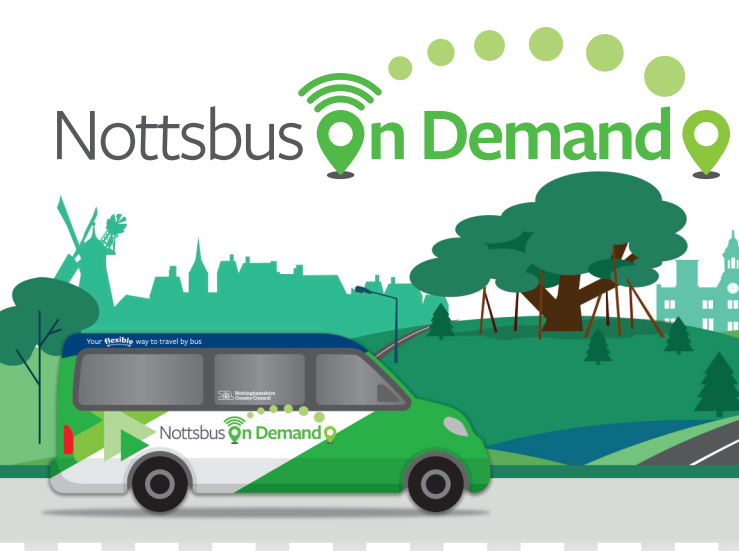

With buses available to book **daily** between **7am and midnight**, Nottsbus On Demand offers a flexible way for you to reach your destination. Whether you're travelling to work or planning a day out with family or friends, our Nottsbus On Demand service will take you where you want, when you want.

Nottsbus On Demand doesn't have a fixed route, our buses can travel anywhere between bus stops and designated points within the West Rushcliffe Zone, where there is not already a scheduled bus service running. Our smart technology will match your journey with other customers travelling in the same direction so you can be picked up along the way.

Nottsbus On Demand is a flexible, on-demand bus service being trialled in your area. You can choose the time you would like to travel by booking your journey through an easy-to-use app or by calling us on **0115 804 0404**.*

It's time to tear up the timetable and try a new, more flexible way of travelling by bus!

And, if you're travelling further afield you can use Nottsbus On Demand to connect to other public transport.

To confirm a journey simply click 'Book This Journey'. Then when it's time, make your way to your pick-up point and wait for one of our friendly drivers to arrive to take you to your destination. You can even track the progress of your bus via the app.

Proceed to selecting your pick-up and drop off points and the app will work out the bus stops or designated points that are closest to the locations you have provided. These may be a short walk so make sure you check the locations in the app.

When you're ready to book a journey, simply open the app and select how many people will be travelling on the 'passenger' section. On the 'schedule' section select your preferred pick up or arrival time, as this will let you make an advance booking. If you need to reach your destination for a specific time, we recommend selecting 'arrive by' when making your booking. Our clever app will then work out your estimated departure time. If the 'schedule' section is not amended, it will search for the next available bus for your journey.
